A NOTE OF APPRECIATION

By the time this issue of the Newsletter reaches you the 1980 convention will be near at hand and Division 19 will have concluded another year of activities on behalf of its membership. While I have had the honor of serving as your president this year, as you well know the real work is done by willing and conscientious people in our various committees. I would personally like to thank all the committee members whose names you will find listed on the opposite page, and especially the chairpersons, for their excellent support. In addition, we are all particularly indebted to three key individuals without whose efforts the Division simply would not function. These are Jim Arima, our Secretary-Treasurer for the past three years who has admirably kept our official verbiage and budgets in order; Nancy Guinn, our Newsletter editor for the past two years, whose special efforts have resulted in a 50% (!) increase in the number of issues this year; and David Mangelsdorff who, with his Program Committee, is responsible for another excellent Division 19 program, as you will see. My profoundest thanks to them all.

See you in Montreal!

Bob Mackie

UNIFORMED ARMY PSYCHOLOGY NEWS

Congratulations are in order for LTC Cecil Harris, OTSG Psychology Consultant who was promoted to Colonel on 1 July. Also to be congratulated are the following Captains who were recently selected for promotion to Major: Johnston Beach, Barry Blum, Franklin Brooks, Nathan Bender, James Chestnut, Robert Gifford, Gary Greenfield, Dennis Grill, Harold Rosenheim, James Siebold, and Thomas Waddell.

The call for papers for the 1980 Biennial AMEDD Psychology Symposium went out on 4 June, the point of contact is CPT Klusman at WRAMC (AV 291-1065). The deadline for papers is 15 September and the conference will be at WRAMC from 27-31 October.

The Child Psychology Fellowship will begin this fall at MAMC. The Fellow has been selected and the name will be released by OTSG later this month. The other two Fellowship proposals are still at OTSG pending approval, the OTSG Policy Council will act on the proposals on 8 July.

AMEDD Psychology is now between 25 and 30% short of authorized personnel. The Health Professional Scholarship Program has 40 Army Psychology students enrolled and 26 others have been selected pending approval for entry in the program. All slots are now committed and COL Harris would like to thank all who were involved. Approximately 15 of the students served 45 days active duty this summer at one of the four AMEDD Psychology internship sites or the counseling center at the USMC (West Point).

All but one of the internship slots for the academic year 1980-81 have been filled. Four interns will go to WRAMC, four to WBAMC, four to the MEDDAC at Ft. Ord (Silas B. Hays Army Hospital), and three to DDEAMC. Of the 15 interns, 9 are HPSP students, six are from civilian programs, and three have had prior service.

SCHEDULED TOUR AT APA

An interesting tour of the Canadian Forces Training Center and Recruit School has been tentatively scheduled for Thursday afternoon, September 4. Transportation to and from the facility will be provided. Further announcements concerning this tour will be made at official Division 19 meetings. Make plans to include this tour in your APA schedule. For further information, contact Dr Marty Wiskoff, AV 933-6159.

ORSA/TIMS SYMPOSIUM

The following symposium will be held at the Operations Research Society of America/The Institute of Management Sciences (ORSA/TIMS) meeting at Colorado Springs, Colorado on 11 November 1980.

CAREER PLANNING: INDIVIDUAL AND ORGANIZATIONAL PERSPECTIVES

CHAIR: James K. Arima, Naval Postgraduate School

PARTICIPANTS:

- Stocks and Flows in Manpower Models Have Faces.....James K. Arima
A New Career Anchor: The Warrior.....C. Brooklyn Derr, Univ of Utah
The Two-Career Couple in the Military.....Douglas T. Hall, Northwestern
University
Career Transitions.....Meryl P. Louis, Naval Post-
graduate School
Work Careers within Occupational Communities.....John Van Maanen, Massachusetts
Institute of Technology

APA PROGRAM - 1980

Thanks to Dave Mangelsdorff, the 1980 APA PROGRAM for Division 19 is included with this Newsletter as Attachment 1. In addition, he has provided abstracts for our information. From the looks of the program, Division 19 has an interesting and challenging program in store for us in September.

MISCELLANEOUS ANNOUNCEMENTS

American Board of Forensic Psychology, Inc. The American Board of Forensic Psychology, under the leadership of its first President, Florence Kaslow, Ph.D., was incorporated in October 1978 in Pennsylvania. It has completed its first year and a half of processing applicants and administering examinations. Diplomates are finding this credential which attests to their special expertise in forensics useful in courtrooms; consultation to judicial, legal and criminal justice systems; research and teaching activities; and private forensic practice.

The Board is processing applications as quickly as possible. If you desire further information, contact David Shapiro, Ph.D. Secretary, 9514 Angelina Circle, Columbia, Md. 21045, 202-574-7461.

National Institute of Handicapped Research. The NIHR, in conjunction with its competitive grant review process and scientific peer review of grant applications, requests that persons willing to serve as members of NIHR scientific peer review committees and review the scientific/technical merit of grant applications assigned to the committees during FY 80 should submit a current curriculum vitae to the following address: Department of Health, Education, and Welfare, National Institute of Handicapped Research, 3418 Switzer Building, 330 C Street, SW., Washington, DC 20201. ATTN: Peer Review Unit. Reviewers will be reimbursed for travel expenses and receive a consultant fee of \$150 per day for each day or part of a day spent reviewing applications at the meeting site. Further information on reviewer qualifications and duties may be obtained from Margaret J. Giannini, M.D. Director, National Institute of Handicapped Research.

Job opportunity. The Naval Postgraduate School (NPS) has an opening for a tenure-track position in industrial/organizational psychology at the assistant or associate professor level. The position entails teaching at the graduate level, advising thesis students, and conducting an individual research program. Experience and familiarity with Federal and military manpower/personnel/training systems is desirable. Salary is competitive. The NPS is an equal opportunity employer. A visiting professorship will be considered for the position. Send resume and a copy of a research publication to Prof James K. Arima (Code 54Aa), Naval Postgraduate School, Monterey, CA 93940.

The Academic Psychology Bulletin is seeking manuscripts for future issues. Now in its second year, the Bulletin is designed to demonstrate that State Associations can provide a vehicle for psychologists of all theoretical and empirical persuasions. The Academic Psychology Bulletin (a publication of the Michigan Psychological Association) publishes empirical and theoretical articles which demonstrate the scientific basis of psychology; priority will also be given to articles which interface scientific and professional concerns. All submitted manuscripts will be evaluated by knowledgeable reviewers. Deadline for the Fall 1980 issues is September 15, 1980 and for the Spring 1981 issue the deadline is January 15, 1981. For further information regarding format and style, contact: Dr. Norman Abeles, Editor, Dept of Psychology, Michigan State University, East Lansing, Michigan 48824

The Southeastern Psychological Association announces its Third Annual Caribbean Workshop Tour. Workshops run concurrently during the scheduled times on Monday through Thursday. Each participant can select one workshop for the entire period. Tour A: Dec 13-20 includes the following workshops: The general practice of psychology; Practical psychopharmacology; Evaluation and management of hyperactivity and learning disability; Family therapy: concepts and methods; Clinical hypnosis. Tour B: Dec 27 - Jan 3 includes: Psychologists in administration; Advanced clinical interpretation of the MMPI; Personal habit control; Clinical neuropsychology; Clinical hypnosis. If interested, call or write: Myra Abrams, Age of Travel, 3349 Piedmont Road, NE, Suite 207, Atlanta, Georgia 30305, (404) 266-2900.

IN MEMORIAM

Division 19 mourns the death of one of its most distinguished members, Dr Earl Jones. Dr Jones was a fellow of the APA and past president of the Division of Military Psychology.

Dr Jones retired in June of 1979 after a federal career of 32 years. He spent four years in the Navy, from 1942-1945, as an ASW Officer, Navigator, and Executive Officer. In 1951 and 1952 he worked for the US Air Force, Lackland Air Force Base, doing research on transfer of training and retention of complex skills. In 1952 he transferred to what was then the Navy Personnel Field Activity where he became one of the main forces behind its development into the Navy Personnel Research and Development Center (NPRDC). He served as Director of the Training Research Department from 1953 to 1962, and Director of the Navy Training Research Laboratory from 1962 to 1973. Thereafter, until his retirement, he served as Director of Independent Research and Development and Head of Advanced Planning at NPRDC.

Dr Jones obtained his doctorate in experimental psychology in 1951 from the University of Washington. From 1976 to 1979 he was a member of the Navy Laboratories Corporate Planning Group. In 1970, he served as consultant for ARA in Vietnam on Vietnamization Training; the same year he served as a NATO lecturer on Instructional Technology.

In addition to the APA, he was a Fellow of the American Association for the Advancement of Science and a member of the American Educational Research Association, Human Factors Society, and Psychonomic Society.

Ed Pickering

MEMBER NEWS

Lt Col Wm H. Hendrix has a new job as Head, Dept of Organizational Sciences at AFIT/LSB.

Military friends of Evan L. Wolfe, Ph.D. will be interested to learn that he has been appointed Chief Clinical Psychologist, State of Hawaii, Mental Health Division. Evan began his career during World War II in the Army Air Force Classification Program and for many years thereafter was a staff and chief clinical psychologist at the Naval Regional Medical Center, (Oak Knoll), Oakland, California before retiring in 1976. He would be glad to hear from any old friends caring to correspond.

Dr. H. O. (Ollie) Holt retired in May after 24 years service in Bell Telephone Laboratories and AT&T. HumRRO "old timers" will remember Ollie as Lt Col Holt who spent two years in the 50's at the Continental Army Command working with Meredith Crawford and others to get HumRRO units established and running at Army installations. After his tour at Ft Monroe, Ollie spent three and one half years as Deputy Director of HumRRO in Washington. While he was associated with HumRRO in these two capacities, research units were established at Forts Knox, Benning, Ord, and Bliss. At present, Ollie and his wife, Marjorie, are spending their time furnishing a condominium they have purchased in West Palm Beach, Fla. In the near term, they will migrate seasonally between West Palm Beach and their home in Summit, N. J.
